

E-MO-GEE, I AM A GOOD FRIEND!

FaithBasedStudentMusicals.com

VERSE 1

I'd like die, I'd be a wreck,
if I could not connect,
Oh a text!
with my friends everywhere,
Though I'm here, and you're there,
I can show you I care.
My whole life is in this squar-y thing.

Your pain, I won't forget
A sale at the mall?!
Please remind me...(spoken) "Have we met?"
I need a small.
Either way, you will stay
Just get them all!
in my heart, so don't fret! E-MO

CHORUS 1

Gee I am a good friend!
I dig deep with how I feel.
Wow, what a deal!!
Like, like, delete, that's dumb, that's sweet!
With my thumbs I keep it real.
That's a steal!
How I love to be a good friend,
feel your heart and breath your air.
I sympathize, I empathize, I agonize, I dramatize, I show how much I care.
And I never leave this chair.

VERSE 2

I like dieI'd be forlorn

That means sad

if I could not stay informed.

Get me the plaid!

As the issues arise,

I read up and weigh all sides,

Or, a status, or two from a movie star who's really cool.

Scroll, scroll, scroll...(7 counts)

OK, enough, retweet, post, send.

It goes out to all my friends.

How I love to engage

in a thoughtful deep exchange! E-Mo

CHORUS 2

Gee I am a good friend!

I dig deep with how I think.

They have it in pink?

Like, like, delete, that's dumb, that's sweet!

If you don't agree, you stink!

Send me the link.

How I love to be a good friend,
stay informed, involved and fair.

I analyze, I criticize, I organize, I plagiarize,

I show how much I care.

And I never leave this chair.

TAG ENDING

My phone, my ipad, my insta-space, my selfie Facebook,
all for you I care.

And I never leave this chair.

I never leave this chair.

Wish I were there!
