### HOST

Good evening all you insomniacs and welcome to **NO TIME FOR PATIENCE** - the show dedicated to bringing you the latest tips, tricks and techniques to get you **What You Want - NOW!** I'm your host, Diana Demando.

Here at **NO TIME FOR PATIENCE** we go toe to toe with outdated ideas, such as, "Patience is a virtue," "Good things come to those who wait," and, one we often hear at weddings, "Love is Patient, Love is Kind." I mean, your grandparents might still believe it, but c'mon folks, can we drag you into the 21st century now?

So, whether it's 1, 2, 3, or 4am in your time zone, we're happy you're spending these sleepless hours with us.

Today we welcome to the show a very special guest. Hold onto your pillows folks, because we've secured the founder and CEO of the firm that has quickly become the industry leader in technology development for **your on-demand lifestyle**. That's right, friends, direct from **INSTANT GRATIFICATIONS**, please welcome Mr. Nate Now!

*NOW enters and sits in guest chair.*

Thank you, Diana. So good to be here.

### HOST

So Nate, tell us about your latest products.

### NOW

Diana, I can't tell you how excited we are at **INSTANT GRATIFICATIONS** about what we've been developing **to help you get what you want, NOW!** We have 3 brand new products to introduce to you tonight.

### HOST

Then let's get started, shall we? Because we want it **NOW!** Right folks?

*NOW pulls out phone to show app.*

### NOW

First up, we have our new **DELIVERY ON DEMAND** app. Folks, are you tired of that incessant 30 minute wait to get your Grande, mocha, chai tea, vegan caramel apple, gluten-free latte delivered directly to your door or office? Let's face it, sometimes we wait up to 30 minutes, only to find out they forgot the kale sprinkles! Well, wait no more!

With our new **DELIVERY ON DEMAND APP**. With this, you can speak directly to your delivery driver all along the route. That's right folks, when you download our app, your voice speaks directly from your phone to your driver's phone. You can choose from our preloaded menu...demands such as,

"I don't have all day here!"

"Are you driving or dinking around?"

Or get right to the point with,

"Hurry it up you lazy bum!"

Or, to be **sure** you get what you deserve whenever you desire it, load your own custom demand.

This app is only \$59.99 but tonight, for our **NO TIME FOR PATIENCE** listeners, we're offering it at the reduced rate of \$58.99 - for the first 10 callers.

#### HOST

How 'bout that folks!!! Let's start those phones ringing for this amazing new way to get **your** way, and fast. What's up next, Nate?

*It is possible to divide the NATE NOW role to feature a different student with each product. Insert HOST: Now to introduce our next product, let's welcome \_\_\_\_\_. Show us what you have\_\_\_\_\_.*

#### NOW
