

PRESENTATION DAY PART ONE

LYRICS

It's presentation day.
and I know what to say.
But when Mr./Mrs. Martin looks at me
I'll look the other way.
Then pretend to look around,
for something on the ground,
like a contact, or a pencil,
or a thing that must be found.

It's presentation day.
my work deserves an A,
but some of us get nau-sea-ous
and want to run away.
To the dentist for the day.
Scrubbing toilets would be play.
On the worst day, the first day
of presentation day.
